The Dating Questionnaire

Please answer each question truthfully and honestly. (I know some of you, struggle with the differences in those terms.) Thanks!

1) Name (first, middle, last – ABSOLUTELY NO NICKNAMES ie Man, Boogsie, C-Dot, "lil" anything, etc.)

2) Height: _____ ft. _____ in.

3) Date of Birth: _____/_____/_____

4) SSN (optional):_____-_____-_____

5) Is there anything you want to tell me up front so you don't have to waste the next few minutes answering the remaining questions because you know damn well this will not work?

   If yes, what is it?

   I will now have to evaluate the badness in which you just shared and decide whether it is something tolerable or not. Please hand your survey to me and give me a moment to review.

   If no, proceed to Question 6.

6) Have you ever been married?

   If yes, are you still currently married?

   If yes, no need to answer any more questions. Have a great evening.

7) Do you have any children?

   If yes:
   How many?
   How many baby mamas?

   If the # of baby mamas is greater than 1, and the (average # of months between each baby / 12) is greater than 1, ya gots-ta-go. If you cannot figure out how to do the math calculations, ya gots-ta-go.

   If no, move onto Question 8.

8) While we're on the topic of brain power, do you understand the concept of subject and verb agreement? Will I constantly have to remind you that "I is" and "We be" should never come out your mouth?

9) Have you ever been convicted of a felony? If yes, what was the charge?

   Years Incarcerated?

This will be evaluated on a case-by-case basis.

11) Do you have a job?

12) I ain't trying to get in your business but how many digits is your savings account; you don't have to tell me an exact number? Because if you lose your job, I need to know I don't have to carry your broke ass. (I'm not trying to go from zero kids to a 40 year old one overnight.)

13) If I say I want to go to a nice dinner, which restaurant is most likely to pop into your head?

a) Olive Garden “three course Italian dinner for $12.95?! say whaaaaaaat!”
b) Zengo in Chinatown
c) Burger King so I can “have it my way”
d) “C’mon, Baby, let’s just go to my momma house”

14) Do you currently have a girlfriend?

If no, are you lying?

Chances are, even if you say you don’t and you say you’re not lying, I don’t believe you.

15) Are you currently in a situation where your ex-girlfriend believes you are still in a relationship?

16) Have you recently broken up with an ex who will continue to pursue you to cause a problem between yourself and me?

17) Is your ex emotionally and mentally stable?

18) If you and I begin to date, will your ex put me in a position where I may be arrested for assault? Because I will f*ck a b*tch up.
